

TYPE 1 ENCLOSURES

Saginaw Control & Engineering's Type 1 enclosures are designed for control and instrumentation applications. They are a general-purpose enclosure intended for indoor use or locations where unusual service conditions do not exist.

Type 1 enclosures primarily provide protection against accidental contact with live parts and against a limited amount of falling dirt.

Product Attributes:

- The SCE design incorporates an exclusive sub-panel design, which maximizes available space for all size enclosures.
- Specialized type 1 butt hinge allows for doors to easily be removed and replaced.
- UL Listed, CSA approved.
- Type 1 enclosures with knockouts are available in textured precaution blue or textured taupe tan powder coat finish.
- Type 1 enclosures with knockouts have keylocking latches.
- Type 1 enclosures with knockouts include sub-panels with a 2 inch by 2 inch perforated hole pattern.
- Type 1 trough enclosures have ANSI-61 gray power coat finish.
- Type 1 trough enclosures have removable cover.
- Type 1 enclosures have ANSI-61 gray powder coat finish.
- Any of the standard SCE quarter turn replacement latches and handles can be used in Type 1 enclosures.

Saginaw Control & Engineering, an ISO 9001 Certified Company, has been serving the electrical industry since 1963. We specialize in manufacturing both standard stock and custom designed enclosures as well as precision sheet metal fabrications. Our 225,000 square foot main facility and the 144,000 square foot manufacturing and warehouse facilities are located in Saginaw, Michigan right down the street from each other. Both areas use state of the art fabricating equipment including the newest in laser technology. All products are protected with the highest quality paint and powder finishes available in today's market.

In addition to our manufacturing facilities, SCE has distribution centers in Aurora, OH; Kenosha, WI; Lenoir City, TN; Reno, NV and Tulsa, OK. These distribution centers are conveniently located to serve enclosure customers throughout the U.S.

To learn more about SCE and of our products, please visit our website at saginawcontrol.com. Our site includes new product information, complete list of stock part numbers, CAD package of stock parts for you to download, and more SCE news. Our installation manual index includes drawings and instructions to make installation of your SCE products easier. A full list of products and information can also be found in our current catalog. Please ask one of our sales representatives for a copy or email us at sce@saginawcontrol.com.

SCE supplies top quality products built to accurate dimensions. From concept to completion, the SCE staff will work with you to satisfy your enclosures requirements.

Whether you require a standard stock enclosure or a custom built one, SCE will be *Your Enclosure Source*®
